

21 September 1962

MEMORANDUM FOR: Deputy Director (Research)

SUBJECT : Table of Organization for the Office of Research
and Development, DD/RREFERENCE : Memo dtd 20 September 1962 to DD/S fr DD/R,
same subject

I have approved of the Table of Organization for the Office of Research and Development, DD/R, as requested in referenced memorandum. However, as you understand, DD/S is without authority to approve the additional ceiling positions and funds necessary to fill the approved Table of Organization. These matters must be resolved by the Comptroller. In addition, as you indicated in your memorandum, it is most probable that this organization will have to change in its orientation and size as experience is gained. This Table of Organization, therefore, should be considered tentative; and I would suggest that we review it with you shortly after 1 January 1963. As you suggested, however, this approval will enable you to begin the task of acquiring personnel and developing programs and facilities to get the Office underway.
